Report of the Special Committee of the General Assembly appointed to investigate and report the financial condition of the State of North Carolina.

Gentlemen of the General Assembly: Your Special Committee, appointed to investigate the financial condition of the State, beg leave to report that after ten days careful study and investigation, it is unable to report to you at this time the definite financial condition of the State, or the definite relation between its current revenues and current operating expenses. In order to determine these matters definitely, the committee is of the opinion that a detailed audit of the books and accounts of the State is necessary. The commitee has employed a competent firm of accountants to ascertain the necessary information and figures.

These accountants have advised the committee that it will be impossible for them to complete their audit and prepare a certified current balance sheet of the State government, and a supporting current surplus within the time limited for the duration of this Session of the General Assembly. They believe such information and data will not be available until April 1, 1923.

Respectfully submitted,

Long,
Murphy,
For the Committee.
